TRUST OF PHOENIX, INC.**

SCHEDULE OF ESCROW RATES

Effective 11/15/21

General Rules

Definitions of “Escrow”, “Account Servicing”, “Escrow Agent”, and “Subdivision Trust” are as defined by Arizona Revised Statutes § 6-801.

The applicable rates for Escrow services will be determined by the county where the Escrow is handled and not the county where the property is located.

The rates are charged on a per transaction basis and apportioned among the parties in accordance with the instructions of the parties.

The Basic Escrow Rate will be applied on fair value. Fair value will be construed as the full value of the property, including the encumbrances. When a sale is not involved the fair value will be determined from all available information.

If additional rates are applicable, they will be charged in addition to the Basic Escrow Rate.

Whenever percentages are used herein, the rates will be rounded up to the nearest dollar at each calculation except as otherwise expressly provided herein.

Only one discounted rate will be applied unless specifically allowed for herein.

Any applicable discount will be applied to the portion being charged to the applicable party.

Any applicable discount will be applied to the Basic Escrow Rate and not applicable to any additional charges including but not limited to loan tie in fees and special services.

There will be no charge for Escrow services to employees of Stewart Title for the purchase, sale, or financing of their primary residence.

Any references to Company contained herein refer to Stewart Title & Trust of Phoenix, Inc.

The company reserves the right to negotiate fees which must be approved by management.

Recording charges are assessed pursuant to the Recorder.
