General Escrow Rules

A. Definition of Escrow

“Escrow” means any transaction in which any escrow property is delivered with or without transfer of legal or equitable title, or both, and irrespective of whether a debtor-creditor relationship is created, to a person not otherwise having any right, title or interest therein in connection with the sale, transfer, encumbrance or lease of real or personal property, to be delivered or redelivered by that person upon the contingent happening or nonhappening of a specified event or performance or nonperformance of a prescribed act, when it is then to be delivered by such person to a grantee, grantor, promisee, promisor, obligee, obligor, bailee or bailor, or any designated agent or employee of any of them. Escrow includes subdivision trusts and account servicing. (A.R.S. 6-801, as amended).

B. Definition of Transaction

“Transaction” means the process of completing a real estate closing during which deeds, mortgages, leases and other required instruments are signed and/or delivered, an accounting between the parties is made, the money is disbursed, the papers are recorded, and all other details such as payment of outstanding liens and transfer of hazard insurance policies are attended to.

C. Computation from Basic Rate

The applicable rate shall be computed on a fair value as defined in Paragraph D. Whenever percentages of the Basic Escrow Rate are used herein, the charge arrived at from use of the percentage shall be rounded up to the highest dollar.

D. Fair Value

The fair value shall be defined as the sales price or the sales price including surviving encumbrances, whichever is higher. Where a sale is not involved, the fair value shall be determined from all available information, i.e., amount of encumbrances, assessed value, current appraisals and/or underwriter direction, etc.

E. Employee Rates

No charge shall be made to an employee of DHI Title (including employees on approved retirement) for escrow services performed in connection with the financing, re-financing, sale, or purchase of the employee’s property, up to three given transactions in a calendar year. Waiver of said charge is authorized only in connection with those costs which the employee would be obligated to pay by established custom, as a party to the transaction. (Note: The term “employee” also applies to an individual employed by the parent and/or affiliate of DHI Title.)

F. Rates and Charges in Effect Prior to Filing

All rates contained herein become effective when approved by the Arizona Department of Financial Institutions or by operation of law.

G. Separate Sales or Exchanges

Basic Escrow Rate in Section II is applicable on each transaction and shall be charged on the amount of each individual sale or exchange even though there may be one common purchaser, or seller, and the sales or exchanges are handled concurrently, and one or more separate escrows are involved.

H. Refinance

“Refinance” means any transaction in which no sale is involved, and a lien shall be secured to a residential property.

I. Transfer of Separately Sold Interest in Real Property

Basic Escrow Rate applicable in Section II shall be based upon the purchase price or the fair value of the percentage of interest being conveyed whichever is higher.

J. Contract Pricing

In certain cases, DHI Title may find it necessary to enter into contracts or agreements with a specific buyer or seller to charge an agreed upon rate for all transactions within a specific project.

K. Affiliated Contracts

To comply with government mandated mortgage regulations, DHI Title may find it necessary to enter into an agreement with its affiliated lender(s) for a reduction in fees, in accordance with written directives. This agreement will not apply to transactions involving any other lenders, nor does it apply to cash transactions.
