PAULA JEAN WATKINS

ADMINISTRATIVE LAW JUDGE DECISION

Respondent.

HEARING: June 1, 2006

APPEARANCES: Assistant Attorney General Moira McCarthy on behalf of the Arizona Department of Insurance; Paul Jean Watkins did not appear at the hearing

ADMINISTRATIVE LAW JUDGE: Lewis D. Kowal

FINDINGS OF FACT

- 1. On June 23, 2005, the Arizona Department of Insurance ("Department") issued to Paula Jean Watkins ("Respondent") an accident/health producer's license and a life producer's license ("license").
- 2. On November 9, 2005 Respondent filed a Clearance Letter Request Form (Exhibit 3) notifying the Department of her intention to relocate to Washington and a request that her Arizona Producer's license be converted from resident to non-resident status.
- 3. On November 9, 2005, the Department issued a Clearance Letter (Exhibit 4) canceling Respondent's resident license. The Department also issued to Respondent a notification that her ability to transact insurance as a nonresident was contingent upon Respondent submitting a certification of licensure by the new home state within thirty days of becoming licensed in that state.
- 4. Steve Fromholtz ("Mr. Fromholtz"), the Department's Licensing Administrator, testified:
 - a. The Department has a procedure in place to assist licensees who hold a resident producer's license in Arizona and who wish to convert the license to a nonresident license.

b. The first step in the process is for the licensee to complete and file with the Department a Clearance Letter Request Form.

- c. Upon receipt of the Clearance Letter Request Form, the Department's staff reviews the form to make sure that the information contained therein is up to date. If staff determines that the form is complete, the Department issues a Clearance Letter.
- d. The Clearance Letter Form provides the licensee with an opportunity to either convert the resident license to a nonresident license or to surrender the resident license.
- e. The Clearance Letter contains a blank space for an address where the Clearance Letter is to be sent.
- f. It is not unusual to have an administrative office or agency listed in the Clearance Letter Request Form as to where the Clearance Letter should be sent.
- 5. The Clearance Letter provides that "the information to the left is the name and address of the person to whom the licensee has requested the clearance letter be sent and is not intended to represent an address of the licensee."
- 6. According to Mr. Fromholtz, the above cited Clearance Letter language provides notice that the address where the Clearance Letter is to be sent does not act as a notification of a change of address for the licensee.
- 7. Respondent's addresses of record with the Department are as follows: 15748 North 79th Drive, Peoria, AZ 85382 (business) and 15748 North 79th Drive, Peoria, AZ 85382 (residential).
- 8. The Clearance Letter provides that "the licensee's ability to transact insurance in Arizona as a nonresident is contingent upon the licensee submitting certification of license status from the new home state within 30 days of becoming licensed in that state." (Exhibit 4)
- 9. On April 13, 2006, the Department issued a Notice of Hearing alleging that Respondent had not submitted certification of licensure in a new home state and Respondent had also failed to notify the Department of Respondent's new business and residential address within thirty days of moving. Based on such allegations, at the

instant hearing, the Department requested that Respondent's nonresident license be revoked.

- 10. Mr. Fromholtz testified that the Department has not received certification from Respondent that a resident license had been issued to Respondent in any other state nor has the Department received from Respondent any change of business or residential address. Mr. Fromholtz acknowledged that without a new resident license, a new place of business cannot exist in the new home state.
- 11. The Department asserted that pursuant to A.R.S. § 20-287(A)(1) in conjunction with A.R.S. §20-287(B) a non-resident licensee must hold a resident license in the licensee's home state and be in good standing in order to be able to transact insurance business with the nonresident license. The Department also maintained that the licensee must provide the Department certification of the resident license within thirty days of issuance and provide a change of address (business and residential).
- 12. Mr. Fromholtz testified that A.R.S. § 20-287 is derived from the Producer Licensing Model Act adopted by the National Association of Insurance Commissioners, which has been adopted in thirty-six jurisdictions.
- 13. According to Mr. Fromholtz, the Department issues a nonresident license to a licensee holding an Arizona resident license wishing to convert to nonresident status in order to make the transition process of becoming licensed as a resident in another state and having the license status in Arizona change from resident to nonresident a seamless process.
- 14. Mr. Fromholtz testified that the Clearance Letter process avoids having the licensee who intends to relocate to another state and maintain licensure in Arizona have to surrender the Arizona resident license and wait one year before applying for a nonresident license and also avoid having to take a license examination in the new home state.
- 15. Respondent did not appear at the hearing of this matter when it convened on June 1, 2006, and failed to present any evidence to refute or rebut the evidence that was presented by the Department.

APPLICABLE LAW

1. A.R.S. § 20-287(A)(1) provides that "Unless the director denies a license pursuant to section 20-295, the director shall issue a nonresident person a nonresident producer license if all of the following apply: 1. The person is currently licensed as a resident and in good standing in the person's home state."

- 2. A.R.S. § 20-287(B) requires a nonresident insurance producer who moves from one state to another state or a resident insurance producer who moves from this state to another state to file a change of address form as prescribed in A.R.S. § 20-286(C) and provide the Director of the Department ("Director") with certification of licensure from the new home state within thirty days after receiving the new resident license.
- 3. A.R.S. § 20-281 defines the term "home state" as the District of Columbia and any state or territory of the United States in which:
 - (a) An individual insurance producer maintains a principal place of residence or principal place of business and is licensed to act as a resident insurance producer.
 - (b) A business entity insurance producer maintains its principal place of business and is licensed to act as a resident insurance producer.
- 4. A licensee is to inform the Director in writing as to a change of residential or business address within thirty days of such change. A.R.S. § 20-286(C).
- 5. A.R.S. § 20-285(G) provides that "A nonresident person who is licensed as an insurance producer in another state, who becomes a resident of this state and who continues to act as an insurance producer shall apply to become a resident licensee pursuant to this section within ninety days."
- 6. Pursuant to A.R.S. § 20-142, the Director has such powers and authority expressly conferred by or reasonably implied from the provisions of Arizona Revised Statutes, Title 20.

7. The Director may deny, suspend for not more than 12 months revoke or refuse to renew a license for certain stated violations of A.R.S., Title 20, rule, subpoena or order of the Director. A.R.S. § 20-295(A).

CONCLUSIONS OF LAW

- 1. This matter is a disciplinary proceeding wherein the Department must prove by a preponderance of the evidence that Respondent violated the State's Insurance Laws. See A.A.C. R2-19-119.
- 2. A preponderance of the evidence is "such proof as convinces the trier of fact that the contention is more probably true than not." Morris K. Udall, ARIZONA LAW OF EVIDENCE § 5 (1960). It is "evidence which is of greater weight or more convincing than the evidence which is offered in opposition to it; that is, evidence which as a whole shows that the fact sought to be proved is more probable than not." BLACK'S LAW DICTIONARY 1182 (6th ed. 1990).
- 3. The violations cited by the Department in the Notice of Hearing issued in this matter are A.R.S. §§ 20-287(A) and (B) and 20-286(C). None of those provisions apply to this matter, as further elaborated below.
- 4. The evidence presented by the Department established that Respondent intended to relocate to Washington, and intended to obtain a Washington insurance producer's license and have her Arizona resident producer's license converted to a nonresident license.
- 5. The sole express statutory authority that the Department relied upon for issuance of a nonresident license is A.R.S. § 20-287.
- 6. The Administrative Law Judge concludes that A.R.S. § 20-287(A) contemplates a situation where an individual holds a resident license in another state and wishes to obtain a nonresident license in Arizona. The provisions of A.R.S. § 287(A), if considered separately from the remaining provisions of the statute, do not contemplate the situation where an Arizona resident license holder wants to convert the license to a nonresident license.
- 7. A.R.S. § 20-287(B) addresses the situation when a resident insurance producer moves to another state, that producer is to file a change of address form as required in

A.R.S. § 20-286(C) and provide the Director with certification of licensure from the new home state after receiving the new resident license.

A

- 8. A.R.S. § 20-287(B) does not provide a time frame by which a licensee holding a resident license in Arizona is to have a resident license issued in a new home state nor does it provide a time frame by which the licensee's residential and business address is to be changed. It does, however, provide that when such licensure or change of address occurs, 1 the licensee is required to notify the Department within thirty days.
- 9. A.R.S. § 20-287(B) presumes that the licensee moves to another state and obtains a resident license from that state, both of which might not occur. However, the manner or means of accomplishing a conversion from a resident to a nonresident license is accomplished by the Department's administrative process of issuing a Clearance Letter and is not specifically addressed by statute.
- 10. It appears that the intent of the Arizona Legislature in enacting A.R.S. § 20-287 was that there should not be an active nonresident license if the holder of that license has not been issued a resident license in that person's "new" home state².
- 11. The Department's Clearance Letter process does not track the language or process set forth in A.R.S. §§ 20-287 (A) and (B). However, the Administrative Law Judge concludes that under the Director's general powers as set forth in A.R.S. § 20-142 and, by virtue of the implied intent of A.R.S. § 20-287, the Department may convert a resident license to a nonresident license and utilize the Clearance Letter process to accomplish the conversion.
- 12. The Clearance Letter (Exhibit 4) does not provide a time frame within which a licensee must obtain a new resident license and there is no indication that the Director issued an Order that required the Respondent to have a resident license issued in a new home state. The Clearance Letter that was issued only provides that the licensee is to provide certification of licensure in a new home state within thirty days of such licensure.

¹ A.R.S. § 20-287(B) refers to the change of address form required in A.R.S. § 20-286(C).

² This encompasses the state that the licensee actually moves to as well as the state that the licensee has notified the Department of the intent to move to in contemplation of receiving a nonresident license.

13. There was no evidence presented that Respondent was ever issued a license in a new home state. Therefore, the thirty day time frame for notifying the Department of certification of new licensure has not begun to run.

- 14. The Department presented credible evidence that it never received any notification that Respondent changed her residential or business address. Only after thirty days from such change of address does the time provision of A.R.S. § 20-286(C) begin to run concerning notification to the Director. Therefore, without such information the Administrative Law Judge cannot find a violation of A.R.S. §§ 20-186(C) or 20-287(B).³
- 15. The Department maintained that reconciling A.R.S. § 20-287(A) with A.R.S. § 20-287(B), the intent of the statute is not to have a nonresident license become active unless and until the licensee obtains a resident license in the new home state and that certification of licensure and change of address be provided to the Department, respectively, within thirty days of receiving the new license and change of address.
- 16. Although the Director has the implied authority to convert an Arizona resident license to nonresident status and can effectuate such change through the Clearance Letter process, in the absence of any subsequent Clearance Letter having been issued containing time frames for issuance of a resident license in a new home state or of a when a change of address (business and residential) is to be effectuated, or an Order issued by the Director requiring that Respondent obtain a resident license and change his residential and business address within a stated period of time as a condition precedent for the nonresident license to take effect, the time for notification to the Director of such licensure and change of address does not begin to run.
- 17. The Department has failed to prove by a preponderance of the evidence that Respondent violated A.R.S. §§ 20-287(A) or (B) or §20-286(C) and failed to prove grounds exist to revoke Respondent's nonresident license or impose a civil penalty under A.R.S. §§ 20-295(A) or (F).

³ Consistent with the above legal analysis, the Director can utilize the Clearance Letter process and/or issue an Order to require that the change of address is to occur within a specified time frame.

ORDER

Based on the above, no disciplinary action shall be taken at this time against Respondent's nonresident license.

Done this day, June 20, 2006.
