ESCROW RATES

1. GENERAL PROVISIONS

1.1 DEFINITION OF ESCROW

Escrow means any transaction wherein any property, money, written instrument or evidence of title or possession to real or personal property or other thing of value is delivered with or without transfer of legal or equitable title, or both, and irrespective of whether a debtor-creditor relationship is created, to a person not otherwise having any right, title or interest therein in connection with the sale, transfer, encumbrance or lease of real or personal property, to be delivered or redelivered by that person upon the contingent happening or nonhappening of a specified event or performance or nonperformance of a prescribed act, when it is then to be delivered by such a person to a grantee, grantor, promisee, promisor, obligee, obligor, bailee or bailor, or any designated agent of employee or any of them. Escrow includes subdivision trust and account servicing. (A.R.S. §6-801, as amended.)

1.2 DEFINITION OF FAIR VALUE

Fair value shall be construed as the full value of the property, or the sale price including, encumbrances, whichever is higher. When a sale is not involved, fair value shall be determined from all available information, i.e., amount of funds escrowed, amount of encumbrances, assessed value, etc. It shall not be less than the sum of the unpaid principal balances of the mortgages and/or contracts to which the property is subject.

1.3 FEES ARE DERIVED FROM BASIC ESCROW RATE

1.3.1 The escrow fee charged for every real property escrow transaction shall be based on the “fair value” of the property involved and shall be as stated in this Escrow Rate Manual or derived incrementally based upon the sales price of the subject property from the Basic Escrow Rates set forth in the Rate Schedule attached as Schedule 1. Escrow rates on Schedule 1 will include all recording and recording service fees.

1.3.2 Special escrow rates or other rates applicable to certain types of transactions are as set forth in this Escrow Rate Manual and shall be charged accordingly, upon request and qualification. For any type of transaction not specifically addressed or described in this Escrow Rate Manual, the appropriate Escrow Fee for the requested service(s) will be negotiated between Lennar Title, Inc., and the parties to the transaction(s)

1.3.3 Whenever percentages are used to derive a particular escrow fee, the fee may be rounded to the next highest dollar.

1.3.4 Special circumstances, certain market conditions, or projects put up for bidding may at times require escrow services to the public for which a specific rate structure has not been established. When presented with such circumstances, a fee shall be charged which Lennar Title, Inc. believes is congruent with the general rate structure provided herein. At times, due to the selling, acquisition, development, financing or refinancing of multiple properties, large or non-typical projects, Real Estate Owned (REO) or auction properties, it may be necessary to establish agreements as to the services to be provided and the fees to be charged for such requested services. Such rates will be based upon a written agreement and will offer the consumer the best possible value while allowing Lennar Title, Inc. to realize a reasonable profit from any such transactions.

1.4 MINIMUM AND ADDITIONAL FEES AND SPECIAL SERVICES

Escrow fees determined in accordance with the rates set forth herein are minimum fees. Additional fees will be charged as provided in this Escrow Rate Manual when unusual conditions are encountered in the escrow, when special obligations are assumed, or when special services are provided.
