PREFACE

An Escrow Fee is the amount charged for the acceptance of an escrow transaction and performance of the escrow duties by an Escrow Agent. The fee for a particular escrow transaction is based either on the “Fair Value” of the property or on a set flat charge, each of which are determinable at the sole discretion of the Escrow Agent.

When the fee is based on the “Fair Value” of the property, the appropriate fee is calculated from schedules of charges where fee amounts are listed coinciding with the “Fair Value” amounts in increments of \$50,000.00.

There are various sub-categories of these fees based on the terms and conditions specific to each escrow transaction. The appropriate way to calculate a fee for each escrow transaction is the subject of this Schedule and General Rules. Relative thereto, a thorough understanding of the escrow transaction, this Schedule and the General Rules herein is required in order to charge correctly.
