

**Before You Buy That “Low Cost” Health Insurance:
STOP, CALL, CONFIRM**

Know What You’re Buying. Get Advice from a Trusted Source.

To buy insurance that will cover a wide range of conditions, start with the federal Health Insurance Marketplace at www.healthcare.gov or talk to an agent or broker that is licensed in Arizona. If you have questions, call the Arizona Department of Insurance and Financial Institutions at (602) 364 -2499

Financial Help May Be Available

Visit www.healthcare.gov to learn if you qualify for financial help to pay for Marketplace insurance or if you qualify for low- or no-cost coverage through Medicaid.

You can find brokers, agents and others qualified to review Marketplace plans at <https://localhelp.healthcare.gov>

If you found less costly health insurance online or someone called with an offer, here are some questions to ask before you buy. For help, call your state Division of Insurance:

- Is it a Short-Term, Limited Duration plan, a Sharing Ministry plan, or other limited-coverage plan? Is it sold through an association that requires a membership fee? If so, it will cover less than Marketplace plans.
- Is the person selling the plan licensed in Arizona? If so, ask for his/her state license number and contact Arizona Division of Insurance at 602.364.2499 to confirm.
- What is the insurance company and is it licensed in Arizona?
- Does the plan cover your pre-existing conditions? Does it cover your medications?
- What are the deductibles? There may be different deductibles for different services.
- What services DOESN'T the plan cover?
- For services that ARE covered, how much will the plan actually pay? Is there a limit on the total amount the plan will pay per person, per service, or per year?
- How long will the coverage last? Will you be able to keep or renew your coverage if you get sick?
- Does the plan have a provider network?
 - If yes, how do you access information about it? Is your doctor or hospital in the network?
 - If not, will doctors and providers agree not to bill for amounts above what the plan pays?

Ask for a written example of how coverage works if you visited a physician and needed diagnostic tests and follow-up care. Also ask for a written example of how coverage works if you had a hospital stay for several days, and had testing and scans, surgery, and saw several specialists.

Before you buy, always ask for the plan’s details in writing and take the time to review the materials carefully. Don’t feel rushed to make a decision. Remember, there is free help available to you at Arizona Division of Insurance or at www.coveraz.org.

Buying health insurance online or over the phone?

Stop

- Don't be rushed into a decision
- You have the right to review plan terms and get plan descriptions in writing
- Don't provide banking information or a Social Security number before receiving and reviewing plan materials

Call

- Check with the state DOI that the agent and insurance company are licensed

Confirm

Be sure to get coverage information in writing *before* you buy, including:

- Coverage of key benefits like prescription drugs and preventive care
- Coverage limits per service, per person, or per year
- Coverage for conditions you already have (pre-existing conditions)
- The amount you pay before the plan pays (deductible)
