RE: MVD Insurance Reporting system changes and required actions

The current insurance reporting system for the ADOT Motor Vehicle Division is the Arizona Mandatory Insurance Reporting System (AMIRS). ADOT will be transitioning from AMIRS to the Arizona Insurance Verification System (AZIVS) in the next few weeks.

This transition will require all insurance companies authorized to sell motor vehicle liability insurance to register with the new system, beginning June 7, 2022.

Action Required: In order to onboard with the new system, you will need to go to www.ArizonaIVS.com and click on the "Register" link in the top menu. Registration is only available to insurance companies that are licensed in AZ. Fill out the required information to register with AZIVS. The AZIVS website is used for user registration, account management, reporting, user management, and providing help to insurance companies. The AZIVS help desk will contact you after your registration is approved, to begin the testing process.

Key Dates for insurance companies are:

- July 19th Deadline for insurance companies to register with AZIVS website;
- Sept 1st - Deadline for insurance companies to begin testing with AZIVS;
- Nov 7th - Deadline for insurance companies to move to production with AZIVS;

Arizona Revised Statutes Title 28, Chapter 9, Section 4148 mandates insurance company reporting and gives the ADOT Director the authority to specify the format, schedule and manner of reporting. Failure to meet these key dates and deadlines will result in non-compliance and will prohibit further reporting to the State.

An Implementation Guide has been created to assist insurers with AZIVS compliance. To view the Guide, go to www.ArizonaIVS.com, click on the "Help" link, then "Help For Insurance Companies".

If you have any questions about AZIVS, please send an email support@ArizonaIVS.com.
