RE: Implementation of Federal Nonadmitted and Reinsurance Reform Act in Arizona

The purpose of this bulletin is to outline nationwide regulatory changes that will affect the placement of nonadmitted insurance in Arizona. The Nonadmitted and Reinsurance Reform Act of 2010 ("NRRA"), 15 U.S.C. §8201 *et seq.*, provides that only an insured's "Home State" may require the payment of premium tax for nonadmitted insurance. Moreover, the NRRA subjects the placement of nonadmitted insurance solely to the statutory and regulatory requirements of the insured's Home State, and provides that only the insured's Home State may require a surplus lines broker to be licensed to sell, solicit or negotiate nonadmitted insurance with respect to such insured. 15 U.S.C. §8202(a), (b). "Nonadmitted insurance," as defined in 15 U.S.C. §8206(9), applies only to property and casualty insurance (excluding workers' compensation). Under Arizona law, "unauthorized insurance" and "nonadmitted insurance" are defined as any insurance permitted to be placed directly or through a surplus lines broker with an insurer who is not licensed to transact insurance in Arizona. A.R.S. §20-401(11)

The NRRA becomes effective July 21, 2011. For nonadmitted insurance business placed on or after July 21, 2011, the following information is provided for the benefit of insurers, brokers, insureds and stamping offices.

What is the scope of the NRRA?

The NRRA states that "the placement of nonadmitted insurance is subject to the statutory and regulatory requirements solely of the insured's home state" and that the NRRA "may not be construed to preempt any State law, rule or regulation that restricts the placement of workers' compensation insurance or excess insurance for self-funded workers" compensation plans with a nonadmitted insurer." 15 U.S.C. §8202. The NRRA does not expand the scope of the kinds of insurance that an insurer may write in the nonadmitted insurance market and each state continues to determine which kinds of insurance an insurer may write in that state. Although the NRRA preempts certain state laws with respect to nonadmitted insurance, it does not have any impact on insurance offered by insurers licensed or authorized in this state.

¹ This Substantive Policy Statement is advisory only. A Substantive Policy Statement does not include internal procedural documents that only affect the internal procedures of the Agency, and does not impose additional requirements or penalties on regulated parties or include confidential information or rules made in accordance with the Arizona Administrative Procedure Act. If you believe that this Substantive Policy Statement does impose additional requirements or penalties on regulated parties you may petition the agency under Arizona Revised Statutes Section 41-1033 for a review of the Statement.

What is the insured's Home State for purposes of a particular placement?

Arizona is the insured's Home State if the insured maintains its principal place of business here or, in the case of an individual, the individuals' principal residence is here. A.R.S. §20-401(6)(a). If Arizona is considered the insured's Home State, only Arizona's requirements regarding the placement of such business will apply. If 100% of the insured risk is located outside of Arizona, then the insured's Home State is the state to which the greatest percentage of the insured's taxable premium for that insurance contract is located. A.R.S. §20-401(6)(b).

If more than one insured from an affiliate group are named insureds on a single nonadmitted insurance placement, Arizona will be considered the Home State for that placement if Arizona is the Home State of the member of the affiliated group that has the largest percentage of premium attributed to it under such insurance contract. A.R.S. §20-401(6)(c).

How will these rules be applied?

New and renewal policies with an effective date prior to July 21, 2011 will be subject to the laws and regulations of Arizona and other jurisdictions, as applicable, as of the policy effective date. The laws and regulations of Arizona and other jurisdictions, as applicable, as of the effective date of such policy will also apply to any modification during the policy period, such as all endorsements (including risk- and premium-bearing endorsements), installment payments and premium audits. New and renewal policies with an effective date on or after July 21, 2011, and any modifications thereto, will be subject only to the laws and regulations of Arizona if Arizona is the Home State of the insured.

What are the requirements for premium tax allocation and payment in Arizona?

As of July 21, 2011, the NRRA permits only the insured's Home State to require the payment of premium tax for nonadmitted insurance. Until July 21, 2011, the laws and regulations of Arizona and other jurisdictions, as applicable, will continue to apply to premium tax due on multi-state placements.

It is the intent of the Department to issue additional bulletins if and when Arizona begins participating in a tax sharing arrangement. Until additional bulletins are issued, the Arizona tax rate should be applied to new and renewal policies with an effective date on or after July 21, 2011, when Arizona is the insured's Home State.

What are the license requirements for brokers?

Only the insured's Home State may require a surplus lines broker to be licensed to sell, solicit or negotiate nonadmitted insurance with respect to a particular placement. If Arizona is the insured's Home State, the surplus lines broker must be licensed in Arizona. The NRRA provides that Arizona may not collect licensing fees for surplus lines brokers as of July 21, 2012, unless Arizona participates in the NAIC's national insurance producer database or any other equivalent uniform national database. 15 U.S.C. §8203. Arizona participates in the National Insurance Producer Registry (NIPR), which provides such a database. A.R.S. §20-411(H).

What are the requirements for a diligent search and when is a diligent search not required?

Arizona law defines "diligent effort" as having sought insurance for the same risk from at least three insurers authorized in Arizona to write the particular insurance coverage or type, class or kind of insurance. A.R.S. §20-401(4).

On or after July 21, 2011, a surplus lines broker seeking to procure or place nonadmitted insurance on behalf of an "exempt commercial purchaser" is not required to perform a diligent search if: 1) the broker has disclosed to the exempt commercial purchaser that insurance may or may not be available from the admitted market that

may provide greater protection with more regulatory oversight; and 2) the exempt commercial purchaser has subsequently requested in writing for the broker to procure or place such insurance from a nonadmitted insurer. Please note that Arizona uses the term “industrial insured,” rather than “exempt commercial purchaser.” “Industrial insured” is defined in A.R.S. §20-401.07(C) and that definition is the same as “exempt commercial purchaser” under the NRRA.

What are the eligibility requirements for nonadmitted insurers?

The NRRA restricts the eligibility requirements a state may impose on a nonadmitted insurers. See 15 U.S.C. §8204. For nonadmitted insurers domiciled in U.S. jurisdiction, a broker is permitted to place nonadmitted insurance with such insurers provided they are authorized to write such business in their state of domicile and maintain minimum capital and surplus that equals the greater of either the minimum capital and surplus requirements of imposed by A.R.S. §20-201 *et seq.*, or \$15 million. A.R.S. §20-413(B). Arizona maintains a list of unauthorized insurers pursuant to A.R.S. §20-413(G) and the list is available on the Department's website: http://www.id.state.az.us/publications/WHITELISTnameonly10to11_ver.13.pdf

For nonadmitted insurers domiciled outside the U.S., a broker may place business with such insurers provided the insurer is listed on the Quarterly Listing of Alien Insurers maintained by the International Insurers Department of the NAIC.
