1 Introduction

1.1 Forward

Any reference herein to Champion Title & Settlements, Inc., a Virginia corporation, Champion Title Agency, Inc., a Virginia corporation, or “the Company” shall include all of their direct operations, subsidiaries, and affiliates. The rules and procedures contained herein are in no manner, either express or implied; to be construed as establishing or changing the rules and procedures pertaining to the practices followed by the Company, but are shown in order to properly apply the applicable Escrow Rate Table(s) and associated charges and fees. The rates shown herein are for the escrow rates that are not excessive or inadequate for the safety and soundness of the Company, that do not unfairly discriminate between risks in this state which involve essentially the same exposure to loss and expense elements and that give due consideration to: (a) the desirability for stability of rate structures, (b) the necessity, by encouraging growth in assets of the Company in periods of high business activity, of assuring the financial solvency of the Company in periods of economic depression, and (c) the necessity for paying dividends on the capital stock of the Company sufficient to induce capital to be invested in the capital stock. The rates, fees and charges contained herein do not include any additional services(s) unless otherwise noted or provided for in this schedule of fees and charges.

Escrow rates shall be computed based upon the “Fair Value” of the property being sold or leased or the amount of the loan being closed as follows:

- The fair value of any parcel shall be construed to be the sales price or full fair market value of any parcel(s), including the encumbrances, whichever is greater. In those situations where a sale is not involved, the fair market value shall be based on available information, but in no event, less than the sum of all the monetary encumbrances to which the title is subject.
- In the context of a lease, fair value shall be based upon the fair value of the property as if the transaction was a sale, or the total amount of the lease payments, whichever is less.

3.1.5 Residential or Residential Property

“Residential” or “Residential Property” refers to a parcel of real property which is improved with a one-to-four family residential structure including a mobile or modular home; a single residential condominium or cooperative unit or unimproved property that is intended for use as a residential property.

3.2 In General

When escrow services of any type are involved, all offices of the Company will use the appropriate rate rules and Basic Escrow Rate schedule which are set forth in this manual.

The various Escrow Rates are minimum rates and additional charges may be made in the event unusual escrow risks are assumed or unusual services are performed. In the event such charges are made, agreement thereto will be obtained from each person or entity obligated to any part of such charges in writing in advance.

All third party charges and costs incurred in connection with the transaction will be charged at the actual cost or estimated actual cost thereof, other than as expressly set forth herein.

For purchase transactions, the escrow fees set forth herein reflect the total charge for the service, and will be allocated 50% to the buyer and 50% to the seller unless a different allocation of charges is set forth in the purchase agreement or by agreement of the parties.

In the case of a short sale, unless a different allocation of charges is set forth in the purchase agreement or by agreement of the parties, all escrow fees will be paid by the purchaser.

3.3 Rounding

Whenever percentages of the Basic Escrow Rate are used, the charge shall be rounded off to the next highest dollar.

3.4 Minimum Charges/Additional Charges for Unusual Services

The charges set forth herein are minimum charges for ordinary services in connection with the escrow business and the services associated therewith. Additional fees will be charged when unusual conditions are encountered and for special services requested. The fee for additional escrow work when unusual conditions are encountered or special services are rendered is \$100 per hour or any fraction thereof.

3.5 Fees which include Services Provided by Others

The fees and charges described in this manual are those actually charged to the customer. Such fees often include the fees, costs and charges for goods and services provided by Champion Title, its employees, subcontractors, agents, banks, electronic service providers, recording offices and others, each of whom may be paid portions of the fees charged for the services they render. When and as required by Arizona law, the rules of the Bureau of Consumer Finance Protection, (the "BCFP") 12 C.F.R. part 1026, *et. seq.* or determined by the Company as desirable for purposes of a clearer explanation to consumers of the transaction, such other parties and/or their fees may be referenced in various documents and settlement statements, provided such inclusion will not cause the total fee charged for escrow services to exceed the otherwise applicable amounts set forth in this manual.

The above fees shall be considered earned at close of escrow and shall be non-refundable.
